

Marysville Pediatric, Inc.
610 S. Plum St. Marysville, Ohio 43040
937-644-1920

IMPORTANT NOTICE TO ALL MEDICAID PATIENTS

Please be aware: If there is any commercial insurance in effect for the patient on the date of service, it legally must be billed first before any medicaid plan can be billed.

Please be advised: The medicaid program may research the claim to find if there is any primary or commercial insurance coverage. Therefore, it is very important to let our office know of any possible coverage from another parent, step parent, grandparent, or guardian.

If you suspect your child may be covered by another insurance, please inform the Front Desk or Billing Dept., so we can help you retrieve this information.

If you do not provide our office the correct insurance information on the date of service, you may be held responsible for claim payments.

By signing this form, you agree that you have provided the correct insurance information, and will submit any updated information in a timely fashion. This statement will remain in effect after being signed until Marysville Pediatrics is advised of any change in insurance coverage.

Child's Name

Date of Birth
